

## Summerfield Fence Considerations....

Please be advised that the condition of the current perimeter fence, in many areas, is quite poor. The photos below represent what the fencing looks like today, and what the proposed new fencing will look like when installed.

Steel posts will be covered with cedar wrap represented at left.

And just a reminder of how fences deteriorate over time. The following photos do not represent fences in our neighborhood at this time, but as time goes by, fences will continue to deteriorate and could reach this level of disrepair....
